### **DETAILED ACTION**

Claims 1-9 and 12 are pending in the application.

**Note:** Claim 11 was renumbered under Rule 1.126. It was found that there was previously a claim 11 so the next claim number is claim 12. Appropriate correction is required.

This action is in response to applicants' amendment dated May 14, 2007. Claims 7 and 9 have been amended, claim 10 has been canceled and claim 12 is newly added.

### ***Response to Arguments***

Applicant's arguments filed May 14, 2007 have been fully considered with the following effect:

1. The applicants' amendments are sufficient to overcome the 35 U.S.C. § 112, first paragraph rejection labeled paragraph 1 in the last office action, which is hereby **withdrawn**.
2. The applicants' amendments are sufficient to overcome the 35 U.S.C. § 112, second paragraph rejections labeled paragraph 2 in the last office action, which are hereby **withdrawn**.

In view of the amendment dated May 14, 2007, the following new grounds of rejection apply:

### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter, which the applicant regards as his invention.

3. Claims 1-9 and 12 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which

Art Unit: 1624

applicant regards as the invention. Claim 1 and claims dependent thereon are vague and indefinite in that it is not known what is meant by general formula (I). A formula is not general when all of the variables are defined. Deletion of "general" is suggested.
